This year's annual conference is a virtual series composed of four unique webinars featuring faculty from institutions throughout the state and leaders of national renown. The program is posted at www.accmi.org/2021.

The webinars will take place October through November 2021. We will promote the series via email to the entire membership of our Chapter which includes more than 1800 cardiologists, fellows in training, and cv team clinicians (NP, PA, PharmD, RN, etc) statewide. It will also be promoted on social media to attract an even broader audience.

The series is accredited for CME, MOC, CNE, CPE, AAPA, and IPCE.

Your sponsorship would be recognized as follows:
